

Dear sirs,

I'm Maria from Portugal, and I want to thank to Mr Schmucl Gonen, and to your organization, as my hair now is almost perfect, and I don't use wigg anymore. I still miss a little hair on the front, but it is being covered now by small hairs.

I'm joining some photos that if interesting for you, you can use.

My age now is 53 years old, and with no hair since 2007

With my best regards
